

Albion Museum

Location: 4th Street | Designer: Archie Carpenter

The reuse of existing structures is a sustainable concept. Albion has an amazing collection of artifacts. The Albion Museum WILL spark redevelopment in the downtown area. The museum will also allow for performances in the top gallery. The museum will rise above the downtown and at night the top gallery will be the land light house to guide people into the downtown

Role of Community Museum

Visitor attraction -

The museum is the "front porch" of the community, welcoming visitors and giving them an overview of what's special and unique about this place.

Catalyst for change -

The museum exists to deliver a message that will encourage people to think differently about their relationship to others or to the world.

Center of creativity -

The museum engages visitors in activities where they make and do things. Visitors, rather than the museum, determine the outcomes.

Memory bank -

The museum displays aspects of the history of a place, person, cultural tradition, etc.

Storyteller -

The museum interprets the history of a place, person, cultural tradition, etc. in ways that relate the past to the present—and even to the future.
