

BAR STAY

Bar Stay

Location: N 4th & Church | Designer: AJ Campbell

Renovation of what currently is the law office building. First floor is a multipurpose open space, intended for wide range of functions to be used at all hours of the day. At night, this turns into a trendy bar that with controlled views to the northwest. Between the first level and roof is the second floor with six single stay rooms, each room has variety with unique design. At night views to the northwest would allow visitors to a free viewing of the new drive-in movie theater (proposed project by another student).
