

## Brewed Bean DT

Location: South side of Main St between 5th and 4th St | Designer: Brian Akert

This coffee shop and apartment combination re-uses an abandoned building downtown. The coffee shop incorporates accordion doors that open into a public boardwalk (designed by Kyle Miller) and brings the outside activity indoors. The apartment is ideal for the family that owns and operates the coffee shop or young entrepreneurs looking to move to a small town to start a family.

REPIONEERING

street frontage

brewed bean entrance

living area of apartment

coffee shop opens into public boardwalk
