

# Sandhill Cellars: Winery + Microbrewery

Location: NE 3rd & Main Street | Designer: Meghan DeHarty & Whitney Pott

The location of Sandhill Cellars serves as a physical, social, and economic link between the agricultural and urban regions of Albion. Guests are invited to understand the wine and beer making process as they travel through the facility. A roof top green space offers an elevated view of the crop fields and is a perfect spot for outdoor tasting events.
