

The Bar Hop

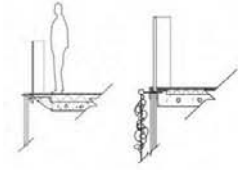

Location: W Church & N 4th | Designer: Whitney Polt

The 'Bar Hop' was inspired by Sandhill Cellars, designed in phase 1 by myself and Meghan DeHarty. The idea was to create a beer bar inspired by the essence of beer: hops. Hops grow along the exterior glass box, with 'floating' wooden boxes protruding beyond. The bar becomes the advertisement for beer, creating natural shading in the summer, and exposing the glass box in the winter, creating a warm and inviting atmosphere, heated by the sun.
